BRANDYWINE ICE RINK

New for this year's holiday season, the Brandywine Museum of Art will be transforming its courtyard into a spectacular outdoor ice skating rink. Opening December 18, 2026, and running through January 18, 2027, the rink will feature REAL ice and can accommodate up to 65 skaters at a time. Whether gliding under the daytime winter sky or skating beneath the evening lights during the Museum's extended holiday hours, the courtyard rink will add an unforgettable new experience to Brandywine's beloved holiday tradition.
